

## About Us

Sussex Medical Centre is one of Sussex's leading providers of independent healthcare. Established in 2006, our team of highly skilled medical staff are committed to providing our clients with a first class professional service. We continually invest in our staff, facilities, equipment and most importantly our specialist consultants to ensure that we attract the area's leading experts to provide you with the best possible care.

## Our Team

With our team of dedicated specialist consultants, highly qualified nurses and a fully experienced support staff focused on professionalism and team-work, we guarantee to provide our clients with continuity of care both while they are in our care and after. Our expertise include: laparoscopic (keyhole) surgery, endoscopy, food allergies, weight management, gynaecology, urinary incontinence, varicose veins, sports injuries, women's health, breast surgery, facial aesthetic and cosmetic dental treatment, dermatology and psychiatry, to name just a few.

## Our Services

Through an extensive range of medical and surgical services offered by our professionals we guarantee to provide our clients with the highest standards of care each and every time they visit us. Our services include a wide range of procedures from routine investigations to complex surgeries. For further information on any of our services please do not hesitate to contact us.
